

# TORCH 4M TIG SR-18W D35/50

Ref. 56076

🔗 **The TIG Torch SR-18W, 4 meters.** Designed for professionals seeking performance, durability, and precision, this torch is the perfect ally for high-demand tasks. Its 100% duty cycle ensures continuous welding without interruptions, while the water cooling system prevents overheating and extends the lifespan of consumables. Featuring a DINSE 35/50 connector and an ergonomic design, it provides maximum stability, safety, and comfort. Unleash your full welding potential. **Take your work to the next level with Solter!**

## Main Features:

- 🔗 **Extreme performance without limits:** With a capacity of up to **350A in DC and 250A in AC at 100% duty cycle**, this torch allows you to perform intensive work without interruptions.
- 🔗 **Smart water cooling:** Maintains an optimal temperature to prevent overheating and extend the lifespan of consumables, providing you with **maximum efficiency and reduced maintenance**.
- 🔗 **Uncompromising precision:** Compatible with electrodes from **0.5 mm to 4 mm**, ensuring **clean, high-quality welds on any type of material**.
- 🔗 **Optimized mobility:** With its **4 meters**, it provides freedom of movement without the need to constantly move the equipment, increasing your productivity.
- 🔗 **Robust construction for intensive use:** Designed to withstand the most demanding conditions in the workshop or on-site, ensuring **long-term durability and resistance**.
- 🔗 **Ready to use:** Includes **ceramic nozzles, collets, and a long back cap**, so you can start welding right away.
- 🔗 Solter is synonymous with innovation, precision, and reliability. With this torch, every weld will be flawless.
