

LITHIUM LT-13 12V WireLess

Ref. 10116

❓ The LITHIUM LT-13 12V Wireless by Solter is a lithium battery jump starter that combines high efficiency, advanced safety, and a compact design. With a 10,000 mAh capacity and 500A peak current, this device is ideal for starting gasoline engines up to 3.0L and diesel engines up to 2.0L. Designed to provide protection against reverse polarity, short circuits, and overloads, it ensures a safe start in any situation. Additionally, its integrated wireless charging, multiple USB ports, and multifunction LED flashlight make it an essential accessory for drivers and professionals.

Main Features:

- ❓ **High-performance starting:** With 10,000 mAh, it provides 200A of starting power and 500A peak current, ensuring quick ignition for cars, motorcycles, and medium-displacement gasoline and diesel utility vehicles.
- ❓ **Integrated wireless charging:** Designed with 10W Qi technology, it allows charging mobile phones and other devices without the need for cables, providing greater convenience and versatility in any situation.
- ❓ **Multifunctional power bank:** Includes three USB outputs (5V/3A, 9V/2A, 5V/2.1A) for recharging phones, tablets, and other electronic devices. Capable of recharging a smartphone up to 5 times on a single charge.
- ❓ **BOOST mode for depleted batteries:** When the vehicle battery is too low, the LT-13 activates BOOST mode, allowing an optimized power discharge to ensure startup without damaging the electrical system.
- ❓ **Protección avanzada y seguridad total:** Equipado con un sistema de protección contra polaridad inversa, cortocircuitos, sobrecargas y picos de voltaje.
- ❓ **Compact and durable design:** Weighing 0.44 kg and measuring 164 x 86 x 33 mm, it is easy to carry, and its reinforced structure ensures high durability.
- ❓ **LED flashlight with three lighting modes:** Perfect for nighttime emergencies, its integrated LED flashlight offers normal, flashing, and SOS modes, providing visibility in adverse conditions.
- ❓ **A high-performance jump starter with the latest in technology and safety.** Designed for those who seek reliability anytime, anywhere.

LITHIUM LT-13 12V WireLess

Ref. 10116

TECHNICAL DATA

OPTIONAL ACCESSORIES

Technical	
Batería	10000mAh (37Wh)
Salidas auxiliares	5 V 3A; 9V. 2A; 5V 2.1A + Wireless
Tipo batería	LiCoO2
Voltaje de arranque	12V
Capacidad de arranque	200A (500A max.)
Motor recomendado	Gasolina 3L
Motor recomendado	Diésel 2L
Tipo conector de carga	USB
Structural	
Dimensions	164x86x33mm
Weight	440g
