

# LEATHER WELDING HOOD

Ref. 10298

**Maximum safety and durability in welding environments.** The Solter Leather Welding Hood is the perfect accessory to ensure effective protection against splashes and sparks during welding work. Made from **high-quality leather**, it provides **full head coverage** without compromising comfort or mobility. Designed for professional use, it perfectly fits the **S-MASK-15** welding helmet (Ref. 10322), offering comprehensive protection. Ensure your safety with Solter quality!

## Main Features:

- Premium Material:** Made of high-resistance leather for enhanced durability and protection against high temperatures.
- Ergonomic Design:** Comfortable fit and full head and neck coverage without interfering with user mobility.
- Certified Protection:** Complies with **EN ISO 11611:2015** and **ISO 13688:2013** standards, ensuring the highest safety standards in personal protective equipment (PPE).
- Optimal Compatibility:** Designed for use with the **S-MASK-15 welding helmet** (Ref. 10322), providing total protection without the need for additional adapters.
- Professional Use:** Ideal for welders who require **reliable safety** in demanding environments.
- European Certification:** Compliant with **Regulation (EU) 2016/425**, certified by **ITS Testing Services (UK) Ltd.**
- Trust Solter** to ensure protection and comfort in every welding task.
