

KIT S-MASK-15

Ref. K0267

Kit S-MASK 15 by Solter is an advanced and comprehensive solution **designed to meet the protection and comfort needs of welders** working in demanding environments. **This kit combines two essential elements:** the S-MASK 15 welding helmet, featuring auto-darkening technology and a lightweight ergonomic design, and the leather hood (Ref. 10298), which **effectively protects the head and shoulders against sparks, heat, and spatter**. Together, these components provide complete coverage, maximizing safety, especially in confined spaces or hard-to-reach areas. Additionally, the kit is compatible with certified helmets without the need for adapters, offering a versatile and practical solution for welding professionals.

Main Features:

- **Advanced Electronic Filter:** The S-MASK 15 helmet features an adjustable auto-darkening system (DIN 5/8-9/13), optimally adapting to various welding applications such as MIG, TIG, and electrode welding.
- **Wide Viewing Area:** Provides dimensions of **111 x 39 mm**, ensuring precise and clear visibility to maximize work efficiency and quality.
- **Ultra-Fast Reaction Time:** With a reaction speed of **1/30,000** seconds, reducing the risk of exposure to flashes or sparks.
- **Activatable Grinding Mode:** Features an externally adjustable function that facilitates grinding and polishing tasks **without the need to switch equipment**.
- **Comprehensive Protection with Leather Hood:** The leather hood (Ref. 10298) is designed to **protect the welder's head, neck, and shoulders from sparks, heat, and spatter**. Made from heat-resistant materials, it perfectly complements the helmet to ensure total coverage.
- **CE Certification:** Both the helmet and the hood comply with strict European standards (EN175, EN379, and EN ISO 11611:2015), **ensuring quality, safety, and reliability** in demanding work environments.
- **Durability and Easy Maintenance:** Replaceable components, along with the robustness of the leather hood, make this kit a long-lasting and efficient investment.

At Solter, we innovate to protect welding professionals, offering reliable solutions that combine safety, comfort, and performance.

TECHNICAL DATA

Generals	
Regulations	(UE) 2016/425 - EN175:1997 - EN379:2003+A1:2009
Technical	
Optics quality	CE 1/1/1/2
Viewing area	111x39mm
Energy	Bateria CR2450 reemplazable
Grinding function	DIN 4 (externo)
External polycarbonate	10324
Sensitivity	Si (externo)
Sensors	2
Reaction time	1/30000s
Delay time	0,04 - 2,0s
Clear shace	5/8
Darck shade	9/13
Structural	
Weight	500 g

OPTIONAL ACCESSORIES

Ref. 10298

LEATHER WELDING HOOD

Ref. 10324

PROTECTOR EXT. S-MASK (5Ud)
