FEMALE FIX CONECTOR 10/25 2u

Ref. 06121

● The **Fixed Female Connector 10/25 2pcs** from Solter is designed to provide **stable and long-lasting electrical connections** in MMA welding environments. Made of **high-conductivity brass**, it ensures efficient current transmission and maximum reliability. Its **Dinse-type** connection system offers a secure fit even under demanding conditions. The **2-piece blister pack** presentation makes storage and transport easy while keeping the product protected. Ideal for both professionals and demanding users. Enhance the reliability of your setup with Solter. Get yours today!

Main Features:

✓ **Secure and efficient connection:** Dinse system that provides stable and reliable electrical contact for high-demand applications.

✓ **High-conductivity material:** Made of **premium brass**, it optimizes electrical flow and enhances equipment performance.

✓ **High durability:** Heat- and wear-resistant components designed for prolonged professional use.

✓ **Practical format:** Presented in a **2-piece blister pack**, ideal for easy transport, storage, and product preservation.

✓ **Versatile compatibility:** Compatible with **MMA welding equipment**, adapting to a wide range of professional applications.

Trust Solter, a specialist in high-performance welding solutions, and ensure secure, durable, and professional-grade connections in every project.
