TORCH 4M TIG SR-17 D10/25

Ref. 06145

The **TIG Torch SR-17 4M D10/25** from Solter is the ideal choice for professionals seeking precision and durability in their **TIG welding** work. Designed to operate **up to 140A with a 60% duty cycle**, it delivers reliable performance in every application. Its **4-meter cable and DINSE 10-25 connector** ensure flexibility and compatibility with various equipment. It includes a complete range of accessories such as ceramic nozzles, electrode holders, and back caps. Optimize your welding experience with Solter!

Main Features:

- **High performance and compatibility:** Designed to operate up to **140A with a 60% duty cycle**, adapting to multiple TIG welding machines.
- **4-meter cable:** Provides greater mobility and flexibility, ideal for working in various positions.
- **DINSE 10-25 connector:** Ensures a secure and stable connection with the welding equipment.
- **Compatible electrodes:** Designed to work with **electrodes from 0.5 to 2.4 mm,** offering versatility for various applications.
- **Ergonomic and durable design:** Dual-color handle (red and black) with a structure that provides greater comfort and control during use.
- **Customization options:** Available in different configurations to suit specific needs, from lightweight models to water-cooled versions.
- Trust Solter to provide welding tools that combine quality, performance, and durability in every project.
