ASTRO 2200

Ref. 10318

The **ASTRO 2200 Solar Generator** from **Solter** redefines energy independence with a **2200 Wh battery** and a **true power output of 2200 W**, delivering outstanding performance in any environment. Designed for **professionals, adventurers, and demanding households**, it ensures stable, silent, and safe power. Thanks to its **pure sine wave technology**, multiple charging options, and advanced protection systems, the **ASTRO 2200** is the ideal solution for those seeking **limitless energy independence** and maximum reliability both indoors and outdoors.

Main Features:

✓ **2131 Wh lithium battery**: extended runtime for tools and small appliances.

✓ **Continuous power 2200 W** with **pure sine wave**: protects sensitive equipment and ensures efficiency.

✓ **Multiple charging options: 230 V**, **12 V socket**, and **PS 200 panels** (one or two), adaptable to any environment.

✓ **Portable and robust: 16.8 kg** and a compact design for home, professional, and outdoor use.

✓ **Universal connections: AC, DC, USB-A, and USB-C** to power multiple devices simultaneously.

✓ **Use while charging: pass-through charging** for continuous, uninterrupted power.

✓ **Advanced safety:** protection against **overheating, overload, and short circuit** .

✓ **Integrated LED light** with adjustable brightness levels and **SOS mode** for emergencies and camping.

✓ **Efficient and sustainable:** compatible with solar energy to reduce carbon footprint.
